

傳媒午宴

Media Lunch

Last year, Fu Hong Society organized its first media lunch. We hope that community can have a greater understanding of our services through media reports. On 25 May 2014, we organized the second media lunch. Numbers of media participated and 14 newspapers had made a report, which is very encouraging.

Representatives of the Society announced the result of the survey "Study on carers' stress and needs of adults with intellectual disabilities comorbid with autism spectrum disorder", introduced the Society's historical publication and reported the latest services of vocational rehabilitation and development. Ms. Yung Mei Fung, parent of service user with autism, shared her touching story with the media. She hopes that the community can be more aware of the needs of families whose members suffer from autism spectrum disorder, as well as offering more support to them. Our Society also promoted a newly published "Handbook for Parents of Persons with Autism Spectrum Disorder" during the event. Last but not least, Ms. Lee Sin Ying, one of our service users who works at "Madam Hong Café", shared her working experience and the dream of opening her own café with the participants.

扶康會於去年首度舉辦傳媒午宴，開拓與傳媒溝通的渠道，令更多社會人士了解本會服務，進而推動傷健共融的目標。本會在2014年5月26日再次舉行傳媒午宴，多間傳媒機構派員出席，場面比去年更熱鬧，並獲14份不同報章報道，成績令人鼓舞。

本會代表在席間先後公布《成年智障兼自閉症人士照顧者之壓力及需要》調查結果、介紹紀錄本會服務發展歷史的書籍《用愛啟航家是岸——扶康會「以求為導」卅五年》及報告最新職業康復及發展的動向。本會服務使用者家長容美鳳女士應邀出席，分享與患有自閉症兒子生活的感人經歷，令一眾傳媒動容，「容姨」希望她倆母子的故事能增加社會對自閉症人士的關注，令更多有需要的家庭獲得支援；本會亦藉此機會向傳媒推介新出版之《愛得其法 - 閉門自開》自閉症人士家長手冊。另外，現於本會「康姨咖啡室」上班的服務使用者李倩瑩於午宴上分享她的工作點滴，她期望有朝一日可開設屬於自己的咖啡室，志向值得表揚。
